

## **Resident Computer Consultant – St. Paul's College (part-time student job opportunity)**

Resident Computer Consultants (RCCs) assist students, potentially on a daily basis, with computer problems ranging from loss of connectivity to virus issues within St. Paul's College and the Graduate Apartment Building. The RCC gains hands-on experience with computer systems in a networked environment. Being an RCC is a great way to get to know people in the St. Paul's community. Resident Computer Consultants are required for Fall, Winter and Spring terms.

### Requirements

- Student must live at St. Paul's
- Must be able to attend a required training session for your term of employment

### Compensation

- \$400 compensation per term

### Position Availability

- Spring term
- Fall term
- Winter term
